

# HOWARD J. GOSS

MAYOR XIII • 1971-1973

Howie Goss was born in Chicago, Illinois on March 18, 1917. He graduated from the University of Illinois in 1938 with a BS Degree in Mechanical Engineering. His business career started with the Harper-Wyman Co. in design engineering. He progressed through sales engineering to assistant sales manager, sales manager, vice president of marketing and senior vice president. Presently he is executive vice president. Howie Goss and wife Alice are parents of four fine children: son John in New York, Howard Jr. in Chicago, daughter Laurel in San Angelo, Texas and Mary Kay in Chicago. The House of Goss is at 6 Mockingbird Lane in Oak Brook, Illinois. Howie enjoys his Phi Kappa Phi fraternity and Edgewood Valley Country Club. He is active in the AGA, GAMA, Ancient Gassers and Natl. LPGA.

1972 . . . THE GILD'S THIRTY-SIXTH YEAR. Emphasis was on breakfasts and Suppler activity. Results were great. Good planning by wardens did the trick. Jim Chaisson, Senior Warden, appointed his wardens early. Aldermen played an important part. New membership forms were mailed out. Great Council meetings well planned and attended. The Gild was in high gear. For economic reasons, the Annual Wassail was not held. In its place a beautiful affair was planned by Master of Revels Bob Kaufman. It was for Supplers and their ladies at the Netherland Plaza in Cincinnati during the AGA convention. A great success. B. Gardner came up with new duties for aldermen. The work paid off. More people doing more things for more Supplers. Warden Ostler, District 10, Canada scored high points in growth. New initiation procedures put together by P.M. X Gault. P.M. XII Norris section for mini-chronicle mailed. Sergeant at Arms Al Beck and wife Flo were hosts to the Supplers for a terrific cook-out and fun time.

*Hi-Lites:* New membership book printed. "B. J." Bjoreson made honorary sage. A. M. Lawrence made sage. New Gild lamp approved. Mayor Goss made presentation to McElvany, retiring AGA president. Officers present at C.I.C. breakfast. "Suppler of the Year" award discussed at great length.

1973 . . . THE GILD'S THIRTY-SEVENTH YEAR. Breakfast meeting notices mailed by Clerk P. D. Fowler throughout the year. Breakfasts were well attended. Fellowship and reunion name of the game. Strong emphasis was placed on the importance of Supplers attending breakfast

. . . especially when they ate attending a convention at which a breakfast is planned. Sergeant at Arms Al Beck and wife Flo brought Supplers and wives together for the now famous cook-out. John Milnes, District 4, hosted Supplers and wives at his summer home in Cleveland, Tennessee. Mayor Goss stressed 4 points in the "Profile of the Gild" at annual meeting in San Francisco. A summary of Great Council meetings was most inspiring. Supplers there were witness to the installation of new officers eloquently placed in nomination by P.M. X Gault. James J. Chaisson is now your new mayor. Robed in the ring ceremony by Mayor Howard Goss, who in turn was presented with his P.M. robe by Mayor Chaisson. R. G. Brennan senior warden, Walter F. Morris keeper of the treasure, P. D. Fowler clerk.

*Hi-Lites:* Charlotte Bjoreson named assistant treasurer. New members initiated. P.M. XIII Goss made honorary sage. Murray Hitchcock made a sage. Stephen L. Kile sage. P. A. Palmer sage. Frank H. Post sage. Col. Willard F. Rockwell sage. John Ostler, warden District 10 Canada, named assistant alderman. His Probity Leslie B. Moxon was honored and presented a beautiful painting of a friendship sloop for his extraordinary service to the Gild. A standing ovation followed. Good sailing, Les. Annual Wassail followed at famous Empress of China restaurant. Tom Pender, master of revels, really did himself proud. Town crier lamp, Gild's highest award, presented to retiring AGA president W. P. Woods at C.I.C. breakfast . . . supported by Gild officers and Supplers present. Stan Musial, Red Schoendienst and Pat Ryan were guests of honor. So came to an end a great term of office for Mayor Goss, officers and Supplers everywhere.
