Dear Supplier:

The Vernal Equinox was fully up to the Committee's expectations, the Ground Hog made good, Spring is here and your Great Council has met. Hence and because of these - another Sidebar letter.

Firstly - Read and rejoice at the list of New Suppliers. Fine fellows all - quantity and quality plus.

Secondly - Look at the Confidential List of proposed new members. Are you satisfied about those of them whom you know? Those not flagged will be invited in next month.

Thirdly - You haven't forgotten or delayed proposing a friend who should be a Supplier, have you? If so - do it now. At our New York Session you will want to greet him as a Supplier. More anon about New York.

Fourthly - (To New Suppliers only)
"Meet the folks" - they're a great lot, all tested by the years like yourselves. Greet them with the left hand (the right is for the Proletariat and Gas Men). Call anyone by his first name, if you know it, borrow money from him if he has any and you can sell the idea, and you need show them no great respect - in short, he is now your friend.

Fifthly - and in conclusion - Your Gild is in fine shape, dues mostly paid, money in the bank and Grif Gribbel and his committee working on a serious and helpful contribution which the Gild will make to the Gas Industry.

Yours atop the Tylon

W. S. Guiteau
MAYOR.
